

- ◎ Play PCM CD, MP3 CD, USB Stick and SD Card.
- ◎ AMC proprietary designed 24Bit/192KHz DAC offers 123 dB dynamic range giving superb sound quality. ◦
- ◎ AMC proprietary designed DSP with digital complementary algorithm offers superior linearity for digital to analog conversion at low level for introducing superb ultra low TIM sound quality and sound field.
- ◎ With Module Design to Last to make extra low carbon footprint green designs.
- ◎ Suitable for 100VAC ~ 240VAC covering global power supply systems especially for those green powers from Solar panels & windmill etc systems with extra variations on AC Power Supply systems.

Freq. Response : 5Hz-20KHz.....<+/-0.2dB

THD(at 0dB, 1KHz, A- Weighted)...0.0011%

Size(WxHxD) : 430x82x300mm

Design in USA, UK

ID in Germany

Made in Taiwan
